Updates about Alaska and the Indian Ocean radio stations. "Much work has occurred over the last several weeks. several important plans for broadcasting from our new Indian Ocean radio station (Station MWV). Decisions were made concerning the hours that each language will be broadcasting, which of the three antennas will be used and the direction that the signal needs to be aimed. This is crucial as we plan to begin broadcasting just as soon as we can. There is much more involved than putting up an antenna, turning on the electricity and beginning programming. All of this planning and meeting that is going on now is essential. The staff in Alaska and at the Indian Ocean station has been working to bring us to where we are now." Soon and very soon, the entire world will be covered with the gospel. I will keep you informed.

God Please Bless our Dreams for 2016

Are you disappointed to see your hard earned dollars wasted on Professor Smarts new Cadillac and see wasteful spending by Radio & TV "evangelists" who read 3 verses and Pontificate their cool-whip sermons with smooth, soothing words of prosperity and bliss? God willing, Coming Soon on Radio Madagascar we will be broad-casting our Worship from the Indian Ocean to half of the earth. This cost has been pledged to be paid for by 1 Christian's monthly gift. Pan American Broadcasting is waiting for someone to step up and say I will pledge \$100 a week to broadcast the Gospel to China etc. every Sunday. Today there are as many people in China learning English as there are in the USA who speak English. Not since the 1st Century when Koine Greek was "the common dialect" or language, the market place has the Church had this opportunity.
