Dead Sea Scrolls in Pictures

In 1947 a young boy found a group of scrolls in a cave that has proved the faithfulness of the transmission of the Old Testament (OT) Scriptures. Until their discovery, the oldest Old Testament was the Alpo Leningrad codex from about 1,100AD, but this discovery has pushed our oldest copies of the Bible back to the 3rd century before Christ. Every book of the O.T. except Esther was found in 11 caves along with a library of sectarian writings. We will see 116 pictures and examine some of the unique finds such as: 4QMMT which was hidden by Catholic scholars for over 50 years because of its use of certain Pauline terms. We will examine: the Messiah of Heaven & Earth, 4Q521 which has exact verbal parallels to Matt. 11:4-5 & Luke 7:22-23; the Son of God Text, 4Q246 which has exact verbal parallels to Luke 1:32 & 35; and the Pierced Messiah Text, 4Q285 which expounds on Isaiah 10:34 -11:1ff, which we in the Churches of Christ have always recognized as Messianic scripture, adding the element of a suffering, atoning Messiah to Isaiah 11.

If you know brethren in local hospitals who give church of Christ as their religious preference upon admission, Lifeline Chaplaincy visits those patients on a regular basis offering spiritual support and encouragement. Call Lifeline Chaplaincy at 214-678-0303 and give them the name of someone you would like them to visit.

Helene Kiskis of New York, found/loves website, praising God for it, called/requested materials to start home assembly, asks prayers & materials for son Randy in prison in Florida. Please remember them in prayer.
